# Company Overview

## About Trivora Wellness and Chemicals

Located at Plot No. 11 , Jai Malhar Nagar, MIDC, Ahmednagar, Maharashtra, India.

### Product Range

Comprehensive solutions including liver tonics, respiratory aids, calcium supplements, and growth promoters.

### Quality Assurance

All products manufactured with highest quality standards for optimal animal health outcomes.

### Research & Development

Continuous innovation in veterinary science to meet evolving industry needs.

# T-LIVOJET – Ultimate Liver Health Solution

## Key Benefits

- Hepatoprotective and antihepatotoxic properties
- Powerful growth promoter for enhanced development
- Immune system booster for disease resistance

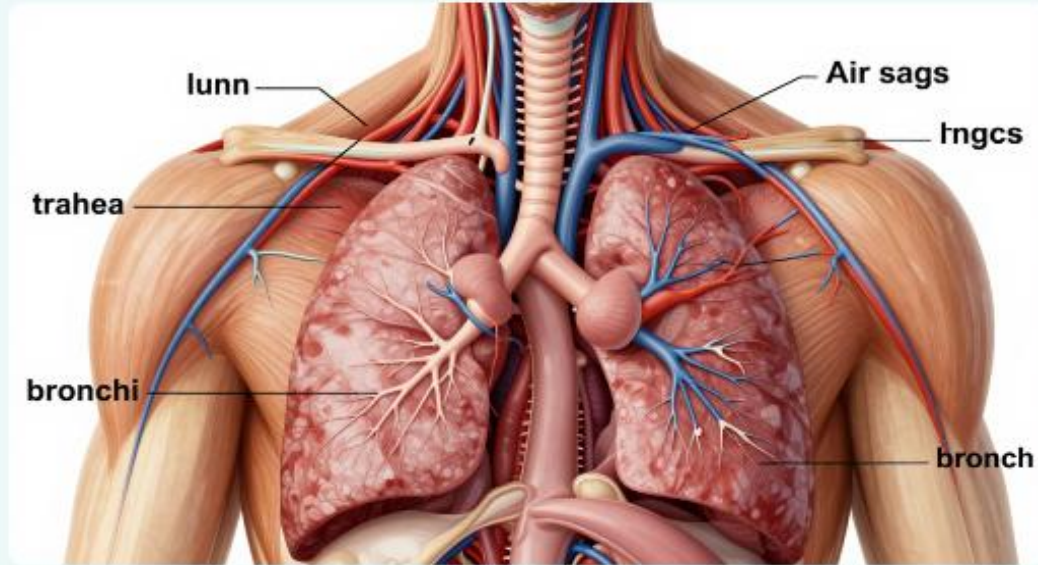

## Composition Highlights

- Liver extract (180mg/10ml) for liver regeneration
- Essential B-vitamins including B1, B12, and Niacin
- Growth promoters and immune boosters

# T-RESPINIL V – Respiratory Health Specialist

## Therapeutic Actions

- Anti-inflammatory and expectorant properties
- Antiallergic and antihistaminic effects
- Broncho dilatory action for easier breathing

## Herbal Benefits

- Natural antimicrobial properties
- Decongestant action for respiratory relief
- Ultimate herbal solution for respiratory distress

# T-LIVOJET – Detailed Composition

Comprehensive formulation designed for optimal liver health and growth promotion in poultry.

Component	Quantity (per 10 ml)
Liver extract	180 mg
Choline donors	2000 mg
Inositol	30 mg
Vitamin B1	5 mg
Niacin	30 mg
Vitamin B12	5 mcg
Biotin	7 mcg
Growth Promoter	200 mg
Yeast extract	40 mg

# T-SEL E – Anti-Stress Formula

## Stress Management

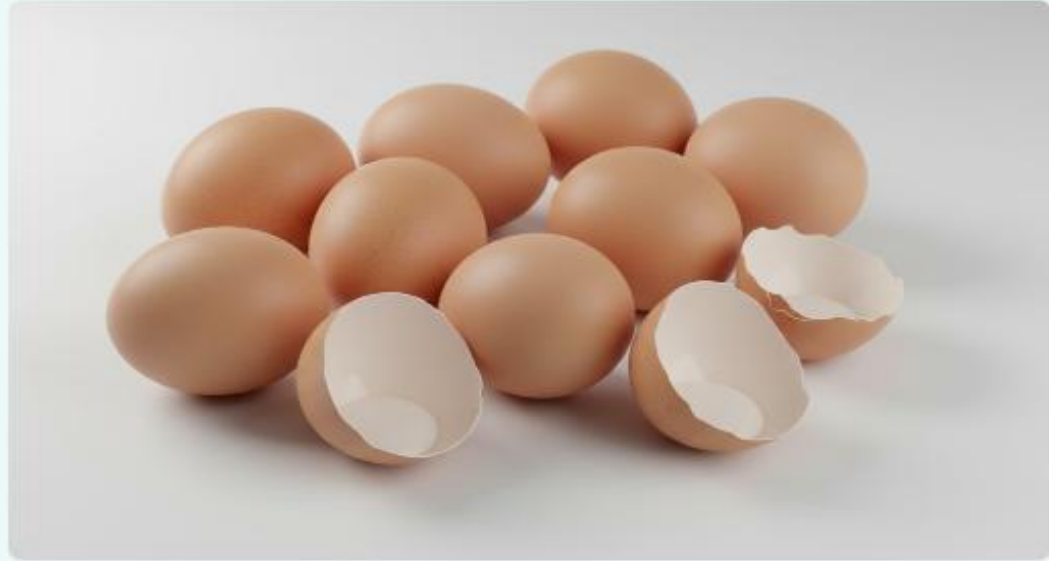

- Synergistic action of Vitamin E and Selenium
- Herbal formulation for natural stress reduction
- Improved immunity and disease resistance

## Performance Benefits

- Enhanced fertility and hatchability
- Improved growth rates and feed efficiency
- Better overall flock performance

# T-CAL D – Calcium & Mineral Supplement

## Eggshell Quality

- Unique Ca, P, Vit. D3, and B12 combination
- Improved egg shell quality and strength
- Enhanced egg production rates

## Bone Health

- Prevents various mineral deficiencies
- Improved fertility and hatchability
- Strong skeletal development

# T-CAL D (Poultry) - Composition

Specialized formulation for optimal calcium and mineral supplementation in poultry.

Component	Quantity (per 100 ml)
Calcium	3500 mg
Phosphorus	1750 mg
Vitamin D3	16000 IU
Vitamin B12	200 mcg
Copper	30 mg
Manganese	80 mg
Zinc	60 mg

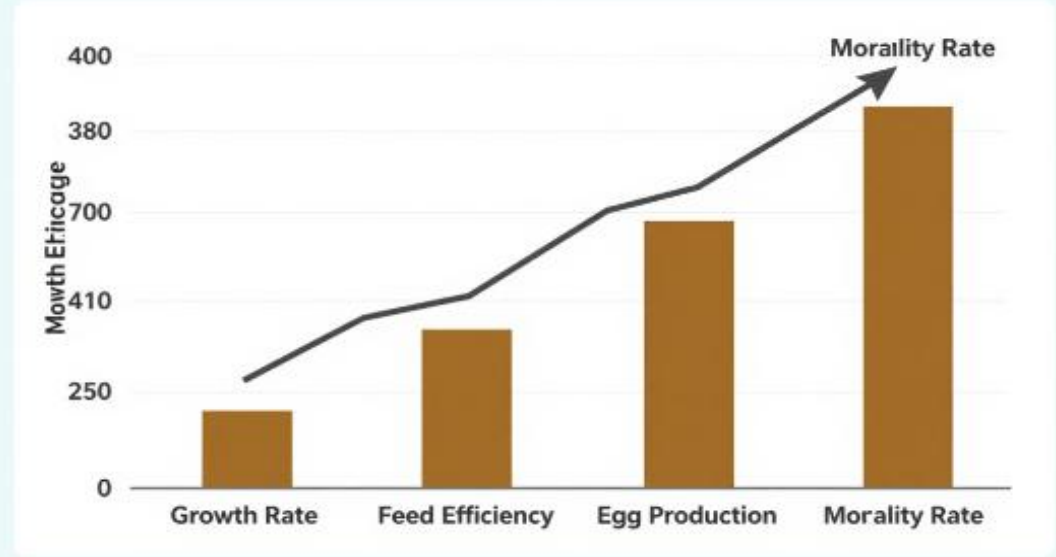

# T-CARE – Early Chick Nutrition

## Early Development

- Reduces stress and early chick mortality
- Improves vaccination titers and immunity
- Comprehensive nutritional support system

## Performance Enhancement

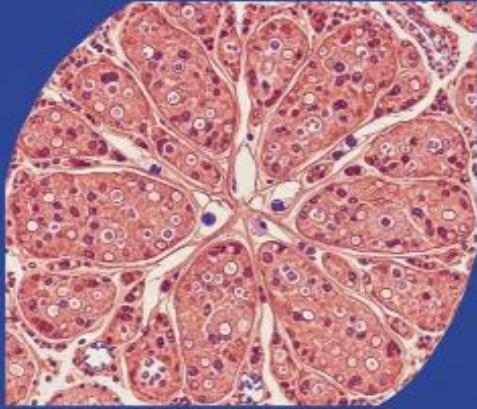

- Enhanced growth and production rates
- Improved fertility and hatchability
- Better disease resistance capabilities

# T-CARE – Complete Composition

Comprehensive early chick nutrition supplement with vitamins, amino acids, and growth promoters.

Component	Quantity (per 1 lit)
Vitamin A	5000000 IU
Vitamin D3	50000 IU
Vitamin E	5 g
Vitamin K	300 mg
Vitamin B1	4 g
Vitamin B2	4 g
Vitamin B6	3 g
Vitamin B12	10 mg
Niacin	1 g
Pantothenic acid	12 g
Choline	500 mg
Methionine	8 g
Lysine	4 g

# T-COKILL – Mycotoxin Solution

Protected Poultry Liver  
Healthy Cellular Structure

Resistance to Toxin Damage →

## Protection Benefits

- Complete solution for all types of mycotoxins
- Binds multiple mycotoxins effectively
- Prevents mould formation in feed

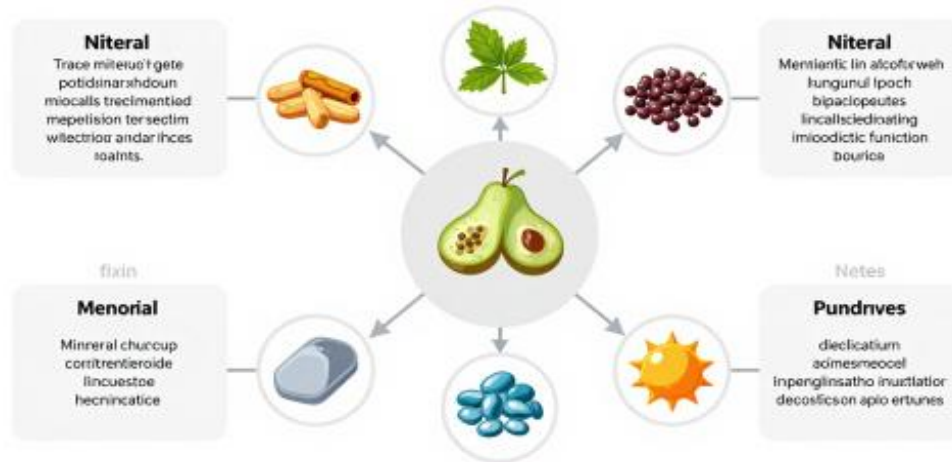

## Liver Protection

- Protects liver from mycotoxin damage
- Maintains optimal liver function
- Ensures better feed safety

# T-AMIN – Trace Mineral Premix

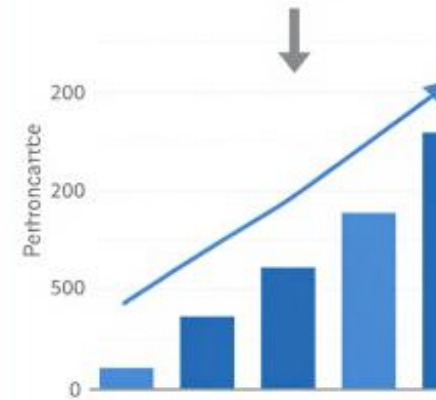

## Essential trace minerals in poultry nutrition

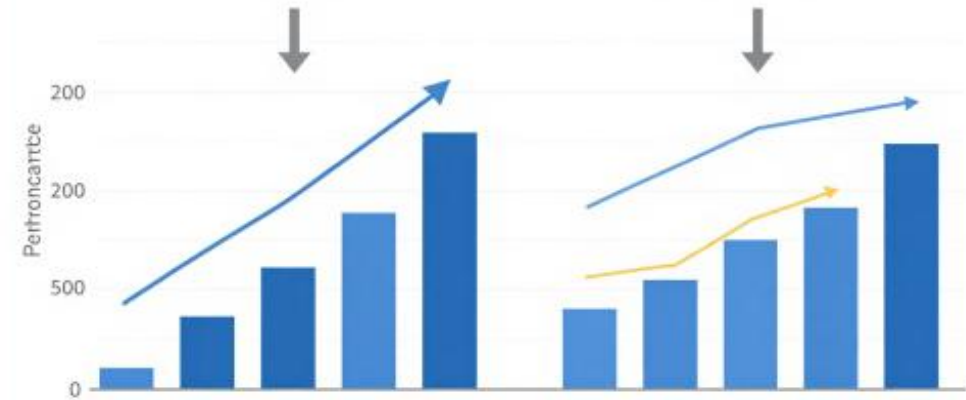

## Mineral Benefits

- Ultimate TM premix for poultry
- Improves production and hatchability
- Enhances growth and egg production

## Improved Production Rates

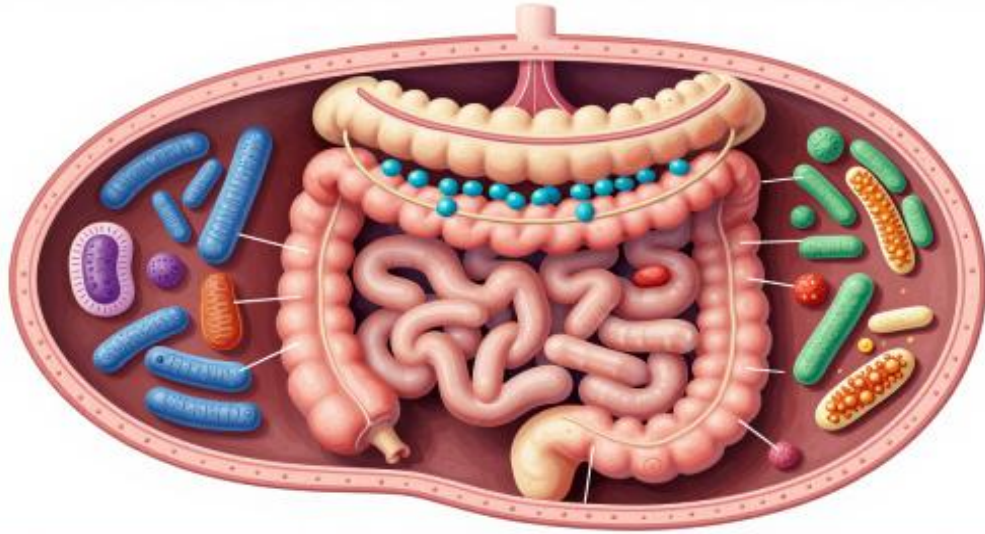

## Enhanced Flockim Performance

## Performance Impact

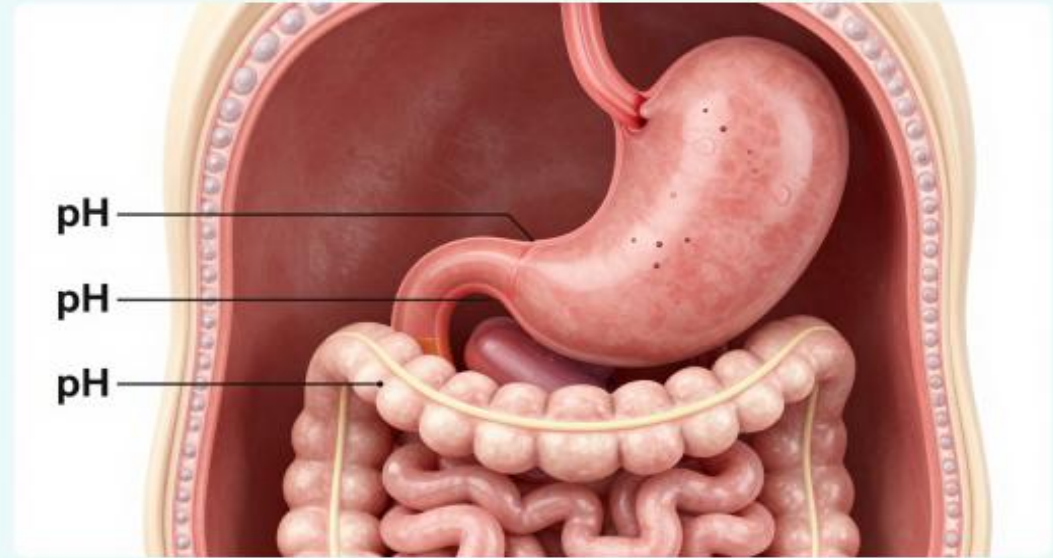

- Optimal mineral balance
- Better feed conversion efficiency
- Enhanced overall flock health

# BCP & T-ACID – Gut Health Solutions

## BCP Benefits

- Non-antibiotic bacteria control program
- Uses organic acids and prebiotics
- Maintains eubiosis and improves performance

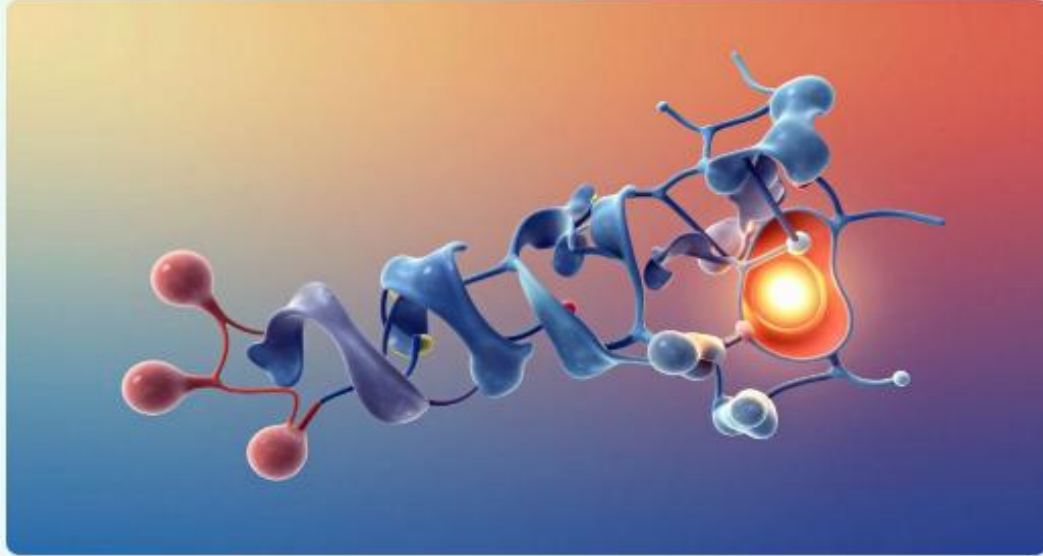

## T-ACID Action

- Multiaction acidifier for optimal pH
- Inhibits pathogenic microorganisms
- Reduces antibiotic dependency

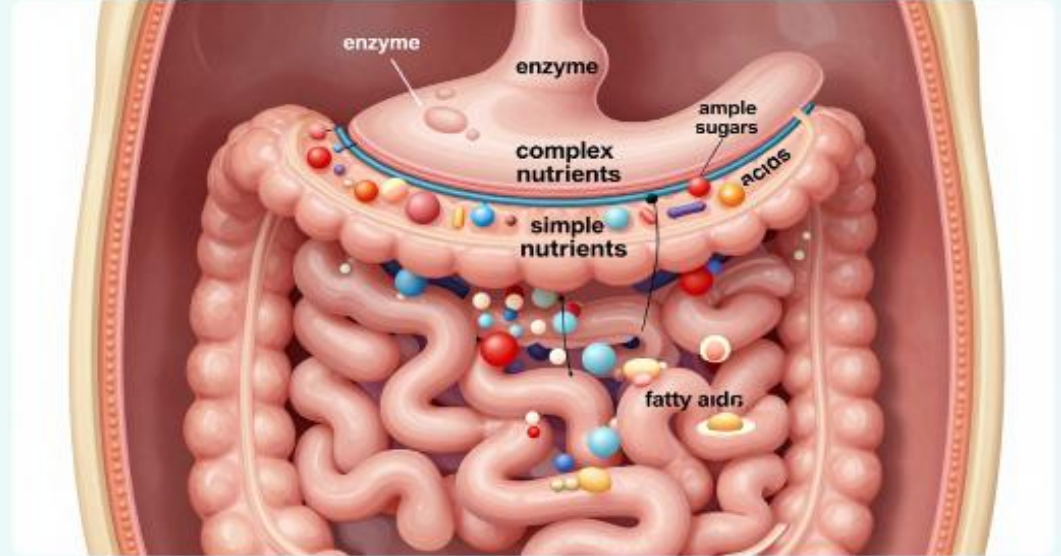

# Enzyme Solutions – TAFY & ZYMONE

## TAFY Benefits

- Thermostable phytase 5000 FTU
- Releases phosphorus from phytate
- Reduces DCP and prevents lameness

## ZYMONE Complete

- Complete multi-enzyme solution
- Utilizes NSP effectively
- Improves FCR and egg production

# TALIN & TEXATYL – CRD Control

## Disease Control

- Effective against CRD and bacterial diseases
- Controls Gram-positive and Gram-negative bacteria
- Mycoplasma control and immunity boosting

## TEXATYL Formula

- Enramycin, Tylosin, Neomycin combination
- Enzymes and vitamins for recovery
- Comprehensive bacterial disease control
